

## Call for Participation

The [EURO Working Group on Decision Support Systems](#) invites you to participate in the [EWG-DSS Thessaloniki-2013 Workshop](#) on “**Exploring New Directions for Decisions in the Internet Age**”, which will be hosted at the [University of Macedonia](#) in Thessaloniki, Greece, in cooperation with its [Department of Marketing and Operations Management](#), during the period of **May 29<sup>th</sup> to May 31<sup>st</sup>, 2013**.

**Scope:** The EWG-DSS Thessaloniki-2013 Workshop on “**Exploring New Directions for Decisions in the Internet Age**” will particularly focus on the advances on research in the field of Decision Sciences, for meeting the challenges of paradigm shift in decision making and decision support brought by recent developments of Web 2.0 and 3.0 technologies. Specifically, the workshop will develop a research agenda that identifies the key issues and challenges, and explores new approaches and tools for future collaborative decision making, including using social networks and Web resources, dynamic spatial-temporal decision making, and technical and social aspects of web-based decision processes.

**Contributions:** We encourage the submission of papers addressing topics in research and application of Decision Systems. Authors are requested to submit extended abstracts (~6 A4 pages) in electronic form (MS-Word or PDF) via the [EasyChair EWG-DSS 2013](#), <https://www.easychair.org/account/signin.cgi?conf=ewgds2013>, **up to 30/03/2013**. Submissions may include, among others, the following topics:

- Decision Systems in the Mobile Era of Web 3.0
- Decision-making using Social Networks
- Spatial-temporal Web-based Decision Making
- Technical, Legal & Social Aspects of Web-based Decision Making
- Group Support Systems / Distributed / Collaborative Decision Making
- Methods, Languages and Tools to support Decision Making
- Web 2.0/ 3.0 Systems for Decision Support & Globalisation Context
- Spatial-temporal Decision Support Systems
- Knowledge Management & Decision Support Systems
- Knowledge and Resource Discovery & Decision Making
- Business Intelligence and Data Warehousing
- Negotiation Support Systems within the paradigm for the Internet Age
