

Assistant or Associate Professor in Operations Research

Aalto University School of Science invites applications for

Tenure track or tenured position in Operations Research

The Department of Mathematics and Systems Analysis invites applications from outstanding candidates for an assistant or associate professor position. The Department's main research areas are:

- systems and operations research
- analysis
- discrete mathematics
- numerical analysis and mechanics
- stochastics and statistics

Applications are welcome **from all areas of operations research**, including but not limited to optimization/mathematical programming (theory, numerical algorithms and applications), and simulation. A doctoral degree in a relevant field is required.

Aalto University is a community of bold thinkers where science and art meet technology and business. We are committed to identifying and solving grand societal challenges and building an innovative future.

Aalto University has six schools with nearly 20 000 students and more than 400 professors. Our campuses are located in Espoo and Helsinki, Finland.
