

Organized by

Faculty of Engineering

Department of Aerospace Sciences

Department of Civil Engineering and Architecture

Department of Electromechanical Engineering

Department of Informatics

Department of Textile Science and Technology

NOVEMBER 26 – 29, 2019

WITH OPTIONAL TOUR ON NOVEMBER 30

FACULTY OF ENGINEERING

UNIVERSITY OF BEIRA INTERIOR

Covilhã (Portugal)

Congress Topics

Aeronautics and Astronautics

Aerodynamics
Air vehicle Systems Design
Aeronautical Computational Design
Air Transportation Engineering Management
Materials and Structures
Aircraft and Spacecraft Engineering

Architecture

Construction, Urban Planning
Conception and Design of the Spatial Framework of Life of the Population
Studies, Projects, Plans, and Consulting Activities
Management and Direction of Works
Planning, Coordination and, Evaluation of Architecture Projects

Informatics

Programming Fundamentals
Algorithms and Complexity
Programming Languages
Computer Architecture and Organization
Operating Systems
Networked Computing
Human Interaction with the Computer
Computer Graphics and Visual
Smart Systems
Software Engineering
Information Systems
Informatics Professionals and Social Aspects

Textile Science and Technology

Fashion Design
Textile Engineering:
Brand Management, Fashion Design, and Product Development
Advanced Materials and Processing

Civil Engineering

Structures and Materials
Geotechnical Engineering
Transportation Engineering
Water and Environmental Engineering
Construction Management
Sustainability & Green Structures
Building structures
Bridges
Dams and Special Structures
Foundations and Modeling of the Land
Building Materials
Rehabilitation of Buildings
Regional and Urban Planning
GIS – Geographic Information Systems

Electrotechnical and Mechanical Engineering

Industrial Design
Bioengineering
BioTechnologies
Industrial Engineering and Management
Electrotechnology
Electric Machines and Power Electronics
Instrumentation and Data Acquisition
Telecommunications
Automation and Control (including Planning and Control of Electric Power Systems)
CAD / CAM
Prototyping and Product Design
Materials Mechanics
Energy and Thermal Machines
Thermodynamics and Heat Transfer
Hydrodynamics

ICEUBI2019

INTERNATIONAL CONGRESS ON ENGINEERING

CALL FOR PAPERS

Held for the first time in 2011, ICEUBI bi-annual International Congress over the years has become a reference congress and a discuss forum for international researchers and practitioners around the world. State-of-the-art knowledge linking engineering and related fields that will be discussed with distinguished speakers in plenary and parallel sessions. The congress will provide a place for academics, research focused practitioners and policy makers to present research findings in the areas of engineering and other related areas.

PAPER SUBMISSION

Submissions of well-developed abstracts - that must not exceed the 250 words, and full papers - with 10 pages long in pdf format, must be done by online platform by **September 15, 2019**.

All submissions will undergo the regular peer review process.

Notification of submission acceptance in oral sessions is expected by **October 21, 2019**.

KEY DATES

April, 15	Special Session Proposals
September, 15	Paper Submission Deadline
October, 21	Notification of Papers Acceptance
November, 1	Registration with Reduced Fees
November, 4	Submission of Revised Papers
November, 15	Deadline for Registration for Inclusion in the Programme
November, 26	Register Opening, Welcome to Faculty and Workshop Sessions
November, 27-29	Congress Days
November, 30	Optional Tour to <i>Serra da Estrela</i>

MAIN COSTS

REGISTRATION FEES

Delegate:

€ 250 Early bird registration by Nov. 1, 2019

€ 300 Full registration by Nov. 15, 2019

Student:

€ 75 Early bird registration by Nov. 1, 2019

€ 125 Full registration by Nov. 15, 2019

ACCOMODATION

Tryp D. Maria****

€ 58 per night

ORGANIZING COMMITTEE

Jorge Silva - Congress Chair

Rosário Calado - Congress Vice-Chair

Nuno Garcia - FEUBI Vice-President

Francisco Brójo - D.A.S.

Miguel Silvestre - D.A.S.

Cristina Fael - D.C.E.A.

Inês Campos - D.C.E.A.

Bruno Ribeiro - D.E.E.

Helder Correia - D.E.E.

Paulo Fazendeiro - D.I.

Pedro Araújo - D.I.

Clara Fernandes - D.T.S.T.

Nuno Belino - D.T.S.T.

PROVISIONAL PROGRAM

Tue 26 November Welcome Reception, Register Opening, and Workshop Sessions

Wed 27 November Invited Lectures, Parallel Sessions, and Welcome Evening Reception at City Hall

Thu 28 November Invited Lectures, Parallel Sessions, and Gala Dinner

Fri 29 November Invited Lectures, Parallel Sessions, and Spaghetti Bridge Contest

Sat 30 November Optional Tour to *Serra da Estrela* ([Click HERE for a brief presentation](#))

VENUE

Installed in the former wool processing company building, the Faculty of Engineering extends along Ribeira da Degoldra, in the mountain foothills where technology and nature meet and inspire each other. Bridges and aircraft were still pioneer areas in the embryo of wires of UBI and they have now reached a solid and magnificent ball, weaved for years of learning and research. Equipped with laboratories and workrooms of and for all, these units of research were created by Science and Technology Foundation who are in permanent contact with the regional and national companies. It has more than 2000 students, 125 faculty members and an administrative and technical staff of 21.
