

WORKSHOP

The chalcolithic ›Mega-Site‹ of Valencina de la Concepción (Seville). First results and discussion around the archaeological and scientific investigations.

German Archaeological Institute (Madrid)

Thursday, 23rd of May

MORNING

9:15AM - **Dirce Marzoli** and **Thomas Schuhmacher** (*DAI Madrid*): Grußworte/ Bienvenida and Introduction.

Chair: Leonardo García Sanjuán (University of Seville)

9:30AM - **Thomas Schuhmacher** (*DAI Madrid*): The investigation project of Valencina de la Concepción and the excavation campaigns 2017 and 2018 in the ›Cerro de la Cabeza‹ area.

10:10AM - **Frank Falkenstein** and **Nils Ostermeier** (*University of Würzburg*), The archaeological and geo-magnetic surveys in the Northern part of Valencina de la Concepción.

10:50h - Coffee Break (20 min)

11:10AM - **Juan Manuel Vargas** (*Museo de Valencina*): Results of the rescue excavation in 2018 in the area of the planned ›Nueva Biblioteca‹.

11:50AM - **Marlene Ruppert** (*University of Würzburg*), The study of the chalcolithic and Bell Beaker ceramics from the excavation in the ›Cerro de la Cabeza‹ and ›Pabellón Cubierto‹ area.

12:30PM - **Lorena Garvin** (*Universidad Autónoma de Madrid*): The Chalcolithic and Early Bronze Age ceramics from the excavation in the area of the planned ›Nueva Biblioteca‹.

13:10h – 14:40h Lunch (1h 30min)

AFTERNOON

Chair: Juan Manuel Rodríguez Hidalgo (Junta de Andalucía)

14:40PM - Alfredo Mederos (Universidad Autónoma de Madrid): The rescue excavations studied in the margin of the project on Valencina de la Concepción.

15:20PM - Marina Eguíluz and Roberto Risch (Universitat Autònoma de Barcelona): The macrolithic artefacts from the excavation in the ›Cerro de la Cabeza‹ and ›Pabellón Cubierto‹ area.

16:00PM - Martin Bartelheim (University of Tübingen) and Charles Bashore (University of Granada): Copper Metallurgy in Valencina de la Concepción (Seville, Spain).

16:40h - Coffee Break (20 min)

17:00PM - Ana Pajuelo (Sevilla): The fauna remains from the excavation in the ›Cerro de la Cabeza‹ area.

Friday, 24th of May

MORNING

Chair: Pedro Díaz-del-Río (CSIC Madrid)

9: 00AM - Mustafa Kibaroglu (University of Tübingen): Petrographic analysis on Bell Beaker and local Chalcolithic ceramic from Valencina de la Concepción (Seville, Spain).

09: 40AM - Angela Tintrup, Simon Meyer-Heintze, Birgit Terhorst and Katrin Hagen (University of Würzburg): Soil and sediment dynamics in Valencina de la Concepcion.

10: 20AM – Oliva Rodríguez-Ariza and Eva Montes (University of Jaén): Los restos botánicos de la excavación en el área del ›Cerro de la Cabeza‹.

11: 00h – 11:30H Coffee break (30min)

Chair: Primitiva Bueno (University of Alcalá de Henares)

11: 30AM – Sebastián Pérez Díaz and José A. López Saéz (CSIC Madrid): The palinological investigations in the excavation in the ›Cerro de la Cabeza‹ area.

12:10PM - José A. Afonso Vargas (University of La Laguna, Tenerife): The analysis of phytoliths and other micro-archaeological aspects of the sediments from the excavations of the ›Cerro de la Cabeza‹ and the ›Nueva Biblioteca‹ area.

12: 50PM - José Andrés Afonso Marrero and Gabriel Martínez (Universidad de Granada): The lithic artefacts in Valencina. Technics, Raw material and provenance.

13: 30 – 15:00h Lunch (1h 30min)

AFTERNOON

15:00PM – 15:45PM

Thomas Schuhmacher, Alfredo Mederos and Frank Falkenstein: *Summary and Outlook.*

15:45PM – 18PM

Non-public project session: Results, goals and further planning of the project on Valencina de la Concepción.
